

Vacuum Port

Your unit comes with a vacuum port for additional dust control. Until you attach a vacuum, there is a rubber plug to keep the cremains/dust contained.

This plug is 'flush' with the inside chamber.

We recommend the following attachment, found on Amazon under the store: ProTeam OEM part # 101928 ProTeam Cuff Swivel 1.5"

We recommend the following mini vacuum by ShopVAc or something comparable.

1.0 U.S. GAL	3.8 L	1.0 HP PEAK DE POINTE PICO
